

Children must complete at least one activity from 'I enjoy reading, writing, speaking and listening' and at least one from 'I enjoy maths'.

This document can also be downloaded from the Year 4 page of the school website where you will be able to click on any web links.

Counters	1	2	4	6	10
I enjoy reading, writing, speaking and listening (must complete at least one activity from this row)	Learn spellings from the list you are given each week. <i>Children will receive 1 counter each week for achieving 70%+ in their spelling test.</i>	Write 10 sentences showing that you know the meaning of your spelling words. <i>Children can receive 2 counters each week for writing 10 sentences. This could be written in their homework book or typed on a computer.</i>	Write a review of a book you have read recently. Give a brief overview of the main characters and plot, write about your favourite part of the story and give your overall opinion. <i>This can be written in their homework book or typed on a computer.</i>	Find a poem which you like. Learn to read it off by heart and practice a simple performance of your poem. Think about how you will use your voice to add expression to your performance. You could video yourself performing the poem or perform to the rest of the class when you are ready.	Choose a short section from a story you have read recently. Rewrite the section as a play script. Include what the characters would say to each other as well as some stage directions.
I enjoy maths (must complete at least one activity from this row)	Practise the times tables you are working on in school this week. You can use www.ttrockstars.com to help your practice. <i>Children should know the times table they are working on this week - they are practicing in school every day. They should also know their user name and password to access the website. Any problems, let me know.</i>	Complete the multiplication and division activities set up on www.mymaths.co.uk <i>Log in details are stuck into the back of your child's homework book.</i> <i>Your child will receive 2 counters for each activity they complete.</i> <i>By logging into the site I will be able to see which activities your child has completed - no need to</i>	Achieve 100% on the multiplication and division activities set up on www.mymaths.co.uk <i>Log in details are stuck into the back of your child's homework book.</i> <i>Your child will receive an extra 2 counters for achieving 100% in each activity the complete. They are able to do the activities as many times as they like.</i>	Times Table Code Breaking I've stuck this into your book. Each letter represents a digit in a times table. Can you work out what each letter is? <i>If you would like another one of these to try, please let me know.</i>	Multiplication Squares Can you complete the multiplication square found here: http://nrich.maths.org/1134 using the numbers 1-9? <i>If you would like this problem printed for you, please let me know</i>

	Children will receive 1 counter every time they can answer 60 questions in 3 minutes and are able to move on to the next set of times tables.	record anything in their homework book.	By logging into the site I will be able to see the scores on any activities your child has completed - no need to record anything in their homework book.		
I enjoy other skills including being scientific, being creative, being active.	<p>Every town with a name ending in 'chester' or 'caster' or 'cester' was once a Roman town.</p> <p>Use a UK map to find at least 10 place names which end 'chester' or 'caster' or 'cester'</p>	<p>Research 'Hadrian's Wall'</p> <p>Who built it? Where is it? Why was it built? How long is it? How long did it take to build? ...etc...</p> <p>Present what you have found out as a report or poster.</p>	<p>Use some of the things you have learnt about the Romans and write your own poem, song or rap to help share what you've learnt.</p> <p>You could search for BBC Horrible Histories to help give you some inspiration.</p>	<p>Use small squares of coloured paper to make your own Roman mosaic pattern.</p> <p>A search on Google Images for 'Roman mosaic patterns' should give you some inspiration.</p> <p>If you would like some coloured paper to complete this task, please let me know.</p>	<p>Make a model of a Roman villa</p> <p>You can use this to help you: http://www.startwithabook.org/content/pdfs/RomanVilla.pdf</p> <p>Again, I print these instructions for you if you would like.</p>
