

## **Notice of After School, Lunch and Holiday Club Closure**

Now that we have your attention please ask yourself - **Will I be able to manage without the After School, Lunch and Holiday Club provision?**

If the answer to this question is no, then the club really needs your help as we are looking to parents and any other interested parties to join the current board of Directors. As Directors we all act in a voluntary capacity and have children who benefit from the provision. As they grow older however and move on to secondary schools, we need new people to get involved.

Three of the existing Directors, myself included, are needing to step-down from our roles, with two of us moving out of the area. We therefore need new people to take over the roles of Chair and Responsible Individual, Secretary and Treasurer.

We need people with a broad range of experience, knowledge and skills including HR and recruitment, IT, Accounts, Early Years, Education, Payroll and Fundraising but also people who are good at planning or have ideas about ways in which we can improve the service we offer. If you can spare an hour each month then we want to hear from you.

Without new members, we cannot continue to operate. This means that we will need to review our position at the end of January and may be forced to issue notice of our intention to close at the end of this academic year.

Please speak to Caroline Kane, myself or one of the other Directors for further information about how you can get involved.

Donna Pillai - Director on behalf of the Board
