Dear Parents & Carers

Re: Relationships and Health Education

To embrace the challenges of creating a happy and successful adult life, pupils need knowledge that will enable them to make informed decisions about their wellbeing, health and relationships and to build their self-confidence. The Department for Education has made Relationships and Health Education compulsory in all primary schools from September 2020.

To that end, we, at Stuart Road, are at the consultation period with your children, you and staff in order to design and develop a bespoke Relationships and Health Education Curriculum that fits our school.

I invite you to complete a questionnaire so that we can consider your views, links to which are below. Your children will also be completing an age-appropriate questionnaire in the next few weeks so that we can establish what their understanding is and what they would like to learn about.

The desired outcome is that we provide a Relationships and Health Education Curriculum that meets the needs of your children within the community that they live in and equip them to lead a healthy and successful life.

Links to the parent questionnaire are below to be submitted by **Friday, 7th May**. Your children will complete their surveys within normal school hours. I attach a document entitled: 'Understanding Relationships and Health Education in your child's primary school: a guide for parents', published by the DfE for your information.

Many thanks for your continued support.

With very best wishes,

Britta Nicholls
Acting Head of School
Stuart Road Primary Academy
